Specific-Group

Minsk, www.specific-group.by

Frontend developer

Development of HTML5 mobile & desktop Single Page Apps for banking.

Use:

- Webpack for module bundling;
- node.js for the server;
- ReactJS + Flummox / Redux for UI;
- ES6, Babel, TypeScript for cutting-edge development;
- lodash;
- svg for graphics;
- less for css;

Implementation tasks of different complexity and range - from simple html layout design to building charts using SVG, other UI-components with animations (RAF, CSS) and dynamically loaded data from the server, implementation of service calls based on swagger definitions.
